

Stage Plot/Production Rider For  
Bradford Reed and His amazing Pencilina-

Venue will accomodate the above plot and provide the following:

1. Bass Drum Mic
- 1b. Snare Mic
2. HH Mic.
3. Amp Mic.
4. Vocal Mic **ON A STURDY BOOM STAND**
5. Milk Crate, Chair, or something to put sub-mixer case on
6. 120VAC Grounded Power Strip with two plugs free
7. Monitor- Wedge With Vocal
- 8..Adequate Light to see Instrument
  - Experienced Sound Person
  - Strike Helper if fast strike is needed

Setup Requirements:

**12-15 MINUTES SETUP TIME IS NECESSARY**

an pre-check off stage setup area should be provided if time is of the essence

Notes for sound person:

- The Pencilina is a homemade instrument that has a wider tonal and dynamic range then guitar and bass
- slight** compression and plate reverb for vocals with reverb in the monitor
- slight** compression for bass drum-
- No Reverb or compression on pencilina

THANK YOU
